Northstar 500 - Dryden

Price: \$6000 New Updated Price

I am selling our 1973 Northstar 500 (25ft) sailboat as we have purchased a larger boat. We have owned it for 14 years and it has been a solid boat for cruising and racing. The atomic 4 inboard was rebuilt recently and all systems are working well. We are putting it in the water this weekend if you want to go for a sail! It comes with a cradle, but no trailer. The facebook post has lots of pictures, which can be found here:

https://www.facebook.com/groups/394330753975343/permalink/4005776539497395/?sale_post_id=4005776539497395

More pictures on request, as I could only post 10 in the forum. The cushions were removed as we were looking at getting them recovered, also the backrests are removed in the pictures, which make the interior look rather stark!

The main issue with this boat is the headroom belowdeck, plus the lack of a vee-berth. These make overnight cruising a bit cramped, but we have done a couple days with 4 of us over the years!!!

Asking \$8000, includes a cradle, no trailer. Located in Dryden.

For questions and/or more info, please contact me, Kurt Schmidt, at kschmidt526@gmail.com
